

Students

- As a student, I want to view all the courses I'm enrolled in so that I can keep track of assignments
- As a student, I want to view instructor/TA feedback so that I can improve my work and see where I went wrong.
- As a student, I want to view upcoming assignments so I can stay on top of my work
- As a student, I want to view upcoming deadlines so I don't turn in late work
- As a student, I want to be able to view course material my professor uploads
- As a student, I want to be able to view my overall course grade and the grades I got on all my assignments
- As a student, I want to view assignment details so I understand expectations
- As a student, I want to download course materials, so I can study offline
- As a student, I want to be able to resubmit assignments if the assignment deadline hasn't been met yet

TAs

- As a TA, I want to assist professors in managing course materials so that I can help create a smooth learning experience for students
- As a TA, I want to grade assignments and provide feedback so that professors can focus on teaching.
- As a TA, I want to access course materials, so that I can support students adequately
- As a TA, I want to be able to handle publishing/unpublishing material
- As a TA, I want to be able to upload course materials, so that students have access to lectures and resources
- As a TA, I want to review student submissions, so I can support grading

Professors

- As a professor, I want to create and manage course content so that I can provide my students with relevant materials
- As a professor, I want to grade assignments and provide feedback so that students can improve their understanding
- As a professor, I want to upload course materials, so that students have access to lectures and resources
- As a professor, I want to send announcements to all students, so that important information is communicated efficiently
- As a professor, I want to be able to handle publishing/unpublishing material
- As a professor, I want to review student submissions, so I can support grading
- As a professor, I want to be able to make and delete assignments

Admins

- As an admin, I want to manage user accounts so that I can ensure that students, professors, and TAs have appropriate access
- As an admin, I want to manage course creation and deletion, so that I can ensure the LMS remains organized and relevant
- As an admin, I want to monitor user activity for any inappropriate content or behavior, so that I can maintain a safe and respectful learning environment
